Dear young person, parent or carer.

We are pleased to offer you a space on our Summer programme for young people aged 8-13 with disabilities, autism and additional needs. This is to be held at Waddon Youth Centre, 85 Waddon Way, CR04HY from the 23<sup>rd</sup> -27<sup>th</sup> July. Each day will run from 9.30am-3.30pm

During your week you will also get the opportunity to go offsite to our Forest and Adventure Project activity day at Frylands wood. Here you will cook around the camp fire, explore, build camps and make woodland crafts as well as take part in an archery and an assault/adventure course. Please ensure you bring appropriate clothes for the woods. No sandals are to be worn. We advise old trainers, combats or tracksuit bottoms. You will be allocated your Frylands group on the Monday afternoon of the scheme. **Please note- All the outdoor education instructors are fully qualified with years of experience of working with young people. We positively encourage everyone to take part in these challenging and exciting activities but will not force anyone who does not wish to participate. Staff will make an assessment of a young person's needs/behaviour as to whether they can attend these trips. We try to be as inclusive as much as the woods access allows us.**

**It would be beneficial to us if your child's clothes and packed lunch boxes/bags have a name on them each day.**

Please contact us for suitability of placement on the scheme and to book a place. This contact will be your confirmation of a place for your child.

We cannot offer 1:1 care but carers are welcome to attend and support individuals if an up-to-date DBS is presented on the first day of the scheme.

Please note there are changing facilities available at Waddon Youth Centre and we are trained in moving and handling, personal care and are also able to administer medication if required.

Ratios of staff to young person will be 1:5 and the team are experienced in this field of work.

**Please note-** due to the numbers who may access the scheme, and for health and safety reasons we are requesting that you only use the centre car park if your child has mobility needs or if there are other reasons such as behaviour that would make it unsafe to park on the road. There is sufficient parking on the roads around the centre.

**The cost of the scheme is £10 per day (£50 week). A cheque made payable to Croydon Council should be returned with consent forms by July 18<sup>th</sup> to – Croydon Councils- 8-13 year old Summer Project, Waddon Youth Centre, 85 Waddon Way, Croydon, CR04HY. We are no longer able to accept payments by cash so if you do not hold a cheque book and wish to make a payment by debit card please contact- Richard McKay (Monday-Wednesday only) on 02087266000 - extension- 64738**

**Places are very limited so please respond by the date above. Do not hesitate to contact myself or any of the team with any questions or queries about the summer scheme and for suitability of placement for your child. Please ensure you add your email on the consent form, please also fill in the relevant information and sign it. Do not let the cost of the scheme affect your child attending. If payment is an issue please contact Paul Funnell as we work on a case by case basis.**

Kind regards

Paul Funnell – Disability Lead Officer for Youth

**Please note we are a nut free project due to allergies**
